About Us

OUR STORY

Grow Ever was established in 2007 with a vision to become more than just a steel manufacturer, we set out to become a trusted partner in progress.

Our journey began in the backdrop of India's industrialisation wave. While many manufacturers focused on scale, we saw a gap, the need for customised, quality-centric steel solutions with timely delivery and consistent service. From that insight, Grow Ever was born.

We began in the Precision Tube industry at a time when choices were many, but reliability was rare. We identified an opportunity and built a system that could promise not only world-class quality, but also real-time visibility, top-management involvement, and on-ground agility.

From a single unit, we've grown into one of India's most trusted suppliers for ERW MS Precision Steel Tubes & Engineered Components, serving clients across automotive, engineering, medical equipment, construction, furniture, renewable energy, and more.

As we expand our capabilities while keeping our core values intact, our systems, scale and service promise only get stronger. But our commitment remains the same to deliver what we promise, every single time.

WHO WE ARE

Grow Ever is an ISO 9001:2015 and IATF 16949:2016 certified company, with expertise in manufacturing:

- ERW MS Precision Steel Tubes
- Hollow Sections (RHS / SHS / Oval / Capsule)
- Tubular Components & Precision Engineered Components
- Rigid Conduit Tubes
- Threaded Rods

With four advanced manufacturing units across India, we serve a wide spectrum of industries, from automotive and electrical to medical equipment and light engineering, both in India and abroad.

Unit 1 & 2 – Falta, West Bengal

Our core tube manufacturing units are located in the Falta Industrial Growth Centre. Their proximity to Kolkata and key ports like Haldia gives us a logistical edge and faster access to raw material sources.

Unit 3 – Aurangabad, Maharashtra

A strategic addition to our Western India footprint, this facility expands our production capacity and brings us closer to OEM clients across the country.

Unit 4 – Uluberia, West Bengal

Built with future-ready infrastructure, this unit enhances our capabilities in machining, laser cutting, and fabricated components, strengthening our value-added services.

At Grow Ever, we believe that lasting impact comes from consistent quality, deep partnerships, and transparent systems. Since 2008, we've grown from a single-unit operation to a trusted manufacturer across multiple industries. We don't just deliver steel solutions, we deliver certainty.

LET'S GROW TOGETHER

Transparency, Powered by Technology

What truly sets us apart is our **system-driven collaborations**. Our **internal intranet** gives clients real-time visibility, from order tracking to dispatch schedules and service updates. Every step is monitored and documented, so our partners are never in the dark. No surprises, only clarity.

A Culture Built on Values

- ▶ **Integrity:** Every decision is rooted in ethics, this is the bedrock of the Grow Ever Group.
- ▶ **Honesty:** Clear, respectful, and open communication, internally and with every stakeholder.
- ▶ **Teamwork:** We believe in collective strength. Our workforce, leadership, and partners function as one seamless unit.
- ▶ **Commitment:** We keep our word. And we work hard to honour every goal, every promise.
- ▶ **Client Satisfaction:** Exceeding expectations isn't the goal, it's the standard we hold ourselves to.

The Grow Ever Advantage

At Grow Ever, we don't just manufacture steel, we deliver precision, consistency and trust. What sets us apart goes far beyond our output. It's our culture, our systems, and the way we partner with clients at every stage.

What Makes Us Different

- ▶ **Customised Solutions:** We create bespoke solutions tailored to unique challenges, turning complexity into opportunity.
- ▶ **Commitment to Quality:** Each product reflects our unwavering pursuit of excellence, built to perform and built to last.
- ▶ **Process-Driven Systems:** Our operations are structured for predictability and precision, ensuring smooth execution and timely delivery.
- ▶ **Top Management Involvement:** Leadership isn't distant, it's hands-on. Every major project receives strategic oversight from the top.
- ▶ **Quick Response Time:** Agility defines our team. From query to delivery, we move fast — with accuracy and impact.

Our Journey

A Timeline of Growth & Innovation

Grow Ever Steel is founded with a clear mission, to bring a new level of precision, quality, and reliability to the Indian steel industry.

2007

Our first manufacturing unit is established in Kolkata, setting the stage for future innovation and excellence.

2008

We diversify our offerings by introducing hollow sections and precision tubular components, expanding our footprint across industries.

2011

We begin partnering with major automotive OEMs, gaining trust through consistent performance and customised solutions.

2015

Launch of our second manufacturing unit, equipped with state-of-the-art technology and increased production capabilities.

2017

Implementation of lean manufacturing practices and smart automation, enhancing efficiency and strengthening quality control.

2020

Our third unit goes live in Aurangabad, and we make our entry into international markets, extending our reach beyond borders.

2021

We introduce our proprietary intranet system, enabling real-time tracking, seamless communication, and full process transparency.

2023

Grow Ever earns the prestigious IATF 16949:2016 certification and is recognised as a Two Star Export House by the DGFT.

2024

Our fourth unit in Uluberia is commissioned, a future-forward facility with green practices and specialised solutions for high-value products.

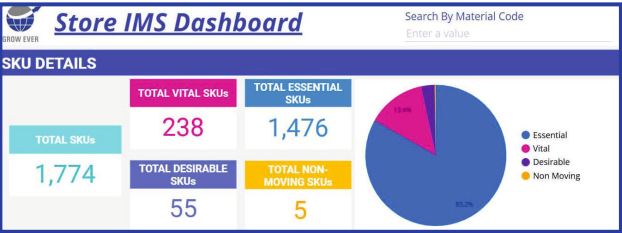

2025

We have been honoured at the Eastern India Leadership Brand Awards in the **Best Employer** category.

This accolade is not just a recognition of our company, but a celebration of the people who make it what it is - **our dedicated team.**

Grow Ever Steel (India) Pvt Ltd has been certified as a **Two Star Export House** by the Directorate General of Foreign Trade (DGFT).
